

Capital News

Welcome to a New Term!

Volume 17, Issue 1
Date Issue: 20 September 2017

Principal's Message

From the desk of Mr. Moyster

Dear Parents / Guardians

I open this first newsletter of the year with two exciting pieces of news. Firstly, and in response to the parental feedback survey in the summer, we are to introduce a new form of communication between home and school. The platform is called "Digital Campus" and it will incorporate amongst many features speedy communication and parental access to a wide range of information via computers, tablets and other mobile devices. This new initiative will be rolled out over the coming weeks so look out for further updates.

Secondly, and again in response to parent feedback, we have created a new parking area specifically for staff. From my early observation parents are really benefiting from the extra parking space available. However there is still no substitute for careful driving and sensible parking.

Finally, as you all know by now

the school has improved its security / safeguarding procedures in line with British

Schools Overseas standards. Your cooperation and patience is greatly appreciated as the new system settles in. At the end of the day, pupil, parent and staff safety have to be of paramount importance to all.

Early Years Foundation Stage

Ms. Esther

Early Years Foundation Stage

Our main focus in EYFS is to provide a stimulating and enjoyable teaching and learning environment. One of our main aims is for children to settle in quickly and happily, to develop their personal and social skills encouraging independence and responsibility.

Throughout the school year we will cover a broad spectrum of topics which will incorporate all areas of learning within the Early Years Foundation Stage. These topics are dictated by your child's interests and we aim to provide a personalised curriculum with activities at the level appropriate to your child.

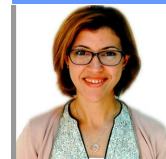

All topics involve discovering about themselves and the environment in which they live. There will be a balance between science, history and geography based topics.

We value your support and co-operation, which plays a vital part in your child's education.

French Class

Ms. Nardjess

Did you know that French is spoken by 270 million people worldwide and is the official language of 30 countries?

French language was the official language in England for 300 years, if you'd been born in 1100, you might have spoken French with your friends!

Announcement

Just a reminder to let you know that Capital School will be closed on **Thursday 21st September** due to **Al Hijri NewYear**.

School will resume as normal on Sunday 24th September.

Physical Education

Miss Daniela

physical education

"Every child is a winner when they try their very best!"

Welcome to a New School Year! I'm delighted to be able to create another fun, exciting and rewarding physical education programme during 2017/2018.

In order to provide the best possible experience for your child, we must all work together as a team. Physical activity must be done regularly to achieve health benefits therefore your child's participation is very important. If he/she is sick or unable to participate

in all activities, please send a note.

**Please make sure your child wears the PE uniform, athletic shoes, and brings a water bottle and cap on PE days.*

Do You Wish Your Kids Were More Active?
