

Sunday 11<sup>th</sup> January 2026

Dear Parents,

**Re: Term 2 Enrichment Choices – Selection Process and Deadline**

We are pleased to inform you that pupils have successfully completed their Term 1 enrichment activities and now have an exciting opportunity to select new enrichments for Term 2. Each pupil can choose four options that interest them, and they will be assigned to one of these selections based on availability. With a diverse range of enrichments on offer, we encourage pupils to choose activities they are truly passionate about, as they may be allocated to any of their four selected options. As a reminder, enrichment lessons take place every Wednesday for one hour during Period 6.

Please note that pupils must complete the Microsoft Form by the end of the school day on Tuesday, 13th January 2026.

Please follow the link to complete the form: [Term 2 Enrichment Choices Form](#)

Enrichment activities extend beyond the regular school curriculum, providing practical, hands-on experiences that allow pupils to explore new interests, apply classroom learning, and develop essential life skills. Whether they're building a robot, creating community art, or organising a service project, these activities stimulate curiosity, creativity, and the real-world problem-solving skills that are vital in today's world. As Benjamin Franklin wisely said, "Tell me and I forget. Teach me and I will remember. Involve me and I learn."

Did you know? Pupils who participate in enrichment programmes are 20% more likely to develop strong problem-solving abilities and demonstrate greater self-confidence and motivation in both academic and social settings (Afterschool Alliance, 2024).

We are excited to see what new interests your child will explore in Term 2!

Please do not hesitate to reach out with any questions or feedback.

**Warm regards,**

**Lulu Martins**
